HINTS

☞ If there is a child that is afraid of clowns, let them watch Boswick from a distance. **I promise**, they will join the other children.

☞ It's better to have Boswick set up, then bring the children in.

☞ Use the photos of Boswick so the children know what exciting event is coming up. Watch Boswick on Youtube!

☞ Clear an area about 5x10, have Boswick with his back to a wall, children get easily distracted with things going on behind.

☞ If possible, kids are most comfortable sitting on the floor watching the show.

☞ If the show is outside, the children should face away from the sun.

Laugh, Laugh, Laugh

Fun Activities!

Dress like a clown! (come to school in mismatched clothes)

Learn about Circus Animals. It's fun to growl, stomp like an elephant, act like a monkey

Be a high wire star-put a jump rope on the ground and try not to fall off!

Have the children look at Boswick before the show
